

WildExodus Itinerary

WildExodus Itinerary

Rev-Jan-10

Typical Itinerary for Glamping Adventures:

Itineraries can be customized and developed based on group size, ages, interests, timing, etc.

Day 1:

Arrive at Wawaitin Holiday Park 1:00PM. Meet your host and guide, welcome refreshments, orientation and registration, wilderness safety, a two-hour tour of Kenogamissi Lake, and overnight stay at a Mattagami Yurt.

Day 2:

After a morning meal your guide will take you out to the prospector's tent set up at one of our glamping sites on the banks of an Arctic water shed river. Search for a nesting eagle or a loon teaching its young to catch fish. The evening will be spent at the camp fire, tall tales, and chance to experience the sounds of true nature!

Day 3:

Visit the nearby rapids and waterfalls before trekking to the city with a heart of gold for a tour of the Shania Twain Center highlighting the accomplishments of a world renowned native country singer. You can also try panning for gold at the famous Hollinger mine.

Day 4:

Your Boreal Forest experience will continue with lots of choices from a vast menu of activities. However, this morning mother nature is watering its garden so its time to sip on some lovely tea and lounge with a good book. This evening will be perfect to practice the 'call of the wild' and learn to howl as wolves or call out a moose with the help of a wilderness expert.

Day 5:

Today you are joined by a Boreal Forest Guru who will take you on a great Canadian beaver hunt. From a canoe you will search out a water impoundment created by a busy beaver family who will offer you the opportunity to capture exceptional footage of them at work and play. A great symbol of Canadian pioneering fortitude and self-reliance.

Day 6:

After watching the sunrise and photographing a moose while angling, trek into the woods in search of edibles and more wildlife. A black bear is observed gorging on blueberries as you pick mushrooms nearby. Relax to a glass of wine and watch the amazing otter crack open clams on the river bank as your morning's fresh catch and afternoon harvest are prepared for diner.

Day 7:

Now that you have rekindled your kinship with mother nature, your guide will bring you back to Wawaitin Holiday Park where your host will provide farewell refreshments before your trip home. Wait, if you have time, you can go on an underground tour of the Hollinger Gold Mine or visit Cedar Meadows Wilderness Park.
